Re: Greenhorn Firewise Community Water Tank Project

Dear Mr. Grueneberg,

Through this letter, the Greenhorn Firewise Community (GFC), a 501-c-3 nonprofit organization, (Tax ID#: 84-4940317) is officially describing our efforts to locate 20,000 gallons of stored water at two different sites exclusively for the use of firefighting along Greenhorn Road. We are officially seeking your participation as our partners in this project.

The Greenhorn Firewise Community (GFC) was created in 2019 after the devastating Camp Fire in Paradise. Nearly 1000 households use Greenhorn Road as our primary ingress/egress route. Our goals include identifying and protecting additional evacuation routes, helping residents make their properties more fire safe, and improving communication among residents during fire emergencies.

We sought and received significant input and cooperation from Nevada County Nevada County Consolidated Fire District (NCCFD) personnel, including the direct involvement of Deputy Chief Jerry Funk (now retired) and Fire Marshal Terry McMahan in the development of our goals for our firewise community. Their input included a focus on the lack of water for firefighting along most of the 7 miles of Greenhorn with significant residents due to so few fire hydrants along the way. This led to a recommendation that GFC raise funds to located 40,000 gallons of firefighting water along Greenhorn Road.

This project is now over 1.5 years old. As the first effort of its kind by Firewise Communities in Nevada County, GFC has worked closely with Jerry and other NCCFD personnel to approach this project with the full understanding that if successful, many other communities may follow suit.

Our results include securing two property owners cooperating to allow use of their land for placement of the tanks and access roads for firefighting vehicles; sourcing of tanks and equipment to facilitate the final placement; and successful fundraising of the entire project cost plus 10%. Once the tanks are ordered, we will need about 3.5 months for delivery and installation – which could make this water available for the 2022 fire season.

GFC is interested in working with NCCFD on the issues of on-going property maintenance vs equipment maintenance; scope of insurance to be held to protect the tanks and by whom; filling the tanks vs keeping them full and on-going costs not listed. Future holding of the easements especially as more firewise communities decide they want to install water storage, is also important.

The benefits to the NCCFD Fire District and the County include a turnkey project providing significant designated firefighting water on a road with a large residential population. GFC will prepare each site and maintain them for as long as our organization exists. Our efforts will include additional cooperation with each property owner and the easement holder on annual and unique issues.

GFC stands ready to present this project to your board of directors or any entity which desires to participate.

We also seek guidance from your board on how to resolve the issue of which entity holds the easements. Currently, GFC is moving forward as the easement holder to assure progress is made prior to the 2022 fire season. We understand that NCCFD may not want to set the precedent of accepting any easements until legal and insurance questions have been fully answered. It is our desire to continue working with your organization to answer remaining questions and facilitate a decision over time on which entity should hold the easements.

Thank you for your cooperation and we look forward to working with you on this critical need.
Yours sincerely,
Vicki Deam, GFC Chair
Paul Tebbel, GFC Vice-chair
Jerry Funk, GFC Fire Professional
Dianne Marshall, GFC Tank Project Director

Re:

Retirement

For just shy of 37 years, I have called the Nevada County Fire Service my family and my home. The opportunities the District has graciously allowed me has been instrumental in my growth. Growth not only within the parameters of the fire service, but in my everyday life. You have a given me the essentials to successfully raise my family and prosper in one of the Country's finest communities.

Retirement from the fire service is one of the toughest decisions that I have ever had to make within my career. I have had many thoughts about what the future holds for the District, and I am pleased to say it is in very capable hands. The true measurement of success is knowing that when you leave, there is going to be someone who will excel to the next higher level.

It is with honor and my greatest gratitude that I thank the District and its personnel for allowing me this opportunity. I am officially notifying the District Board of Directors of my retirement, effective December 2<sup>nd</sup>, 2022.

Respectfully,

James L. Turner, Fire Chief
